

Good Vibes

Chris Janson

[Verse 1]

I ain't watching TV today
Bad news, it can just stay away
If you ain't got anything good to say
Then shut your mouth
I got my windows down and my blinders on
Radio set to my favorite song
All green lights on the road I'm on
Man, there ain't no doubt

[Chorus]

I'm getting them good vibes
I'm living this good life
I'm breathing on God's time
And I ain't gonna waste one breath
I'm soaking it all up
I got me a full cup
And there ain't nothing gonna spill it
Nothing gonna kill it
Waving them worries goodbye
I'm feeling them good vibes

[Verse 2]

I ain't tryna hear the negative
I'm just tryna change the narrative
It's simply imperative
That we all have a damn good time

[Chorus]

I'm getting them good vibes
I'm living this good life
I'm breathing on God's time
And I ain't gonna waste one breath
I'm soaking it all up
I got me a full cup
And there ain't nothing gonna spill it
Nothing gonna kill it
Waving them worries goodbye
I'm feeling them good vibes

Oh, I'm feeling them good vibes

[Bridge]

I got a good girl
She got a good smile
I kiss her good morning
I kiss her good night
We keep it on the up
That's how we get down
So don't be coming around

[Chorus]

Unless you got them good vibes
I'm living this good life
I'm breathing on God's time
And I ain't gonna waste one breath
I'm soaking it all up
I got me a full cup
And there ain't nothing gonna spill it
Nothing gonna kill it
Waving them worries goodbye
I'm feeling them good vibes
I'm breathing on God's time
And I ain't gonna waste one breath
I'm soaking it all up
I got me a full cup
And there ain't nothing gonna spill it
Nothing gonna kill it
Waving them worries goodbye
I'm feeling them good vibes
Oh, I'm feeling them good vibes
Yeah
