

# Fuck Love (feat. Trippie Redd)

## XXXTENTACION

Baby I need you in my life, in my life  
Please bae, don't go switchin' sides, switchin' sides  
I swear this is where you reside, you reside  
Please bae, don't go switchin' sides, switchin' sides  
Yeah, yeah, yeah  
Oooh, please don't throw your love away, huh  
Please don't throw your love away, huh  
Please don't throw your love away, huh, yeah, ayy I'm nauseous, I'm dyin'  
She ripped my heart right out  
Can't find her, someone to—  
My eyes are all cried out  
Lost it, riots  
Gunfire inside my head  
I've lost it, riots  
Gunfire inside my head  
Baby I need you in my life, in my life  
Please bae, don't go switchin' sides, switchin' sides  
I swear this is where you reside, you reside  
Please bae, don't go switchin' sides, switchin' sides  
Yeah, yeah, yeah Oooh, please don't throw your love away, huh  
Please don't throw your love away, huh  
Please don't throw your love away, huh, yeah
