

# Boyfriend

RaeLynn

Let's be honest  
We don't got a lot in common when it comes down to it  
You can take his breath away  
And light up every room when you walk through it  
But I don't want your six-foot legs and angel face and sophistication  
Don't really want to cause a scene  
but girl you've got everything And I want your boyfriend  
I'm not gonna lie  
I'll be his girl when he tells you goodbye  
Don't worry I won't take him  
cause I ain't that low  
I want your boyfriend  
Just thought you should know  
That he and I go back so far  
Oh my gosh we lived in his first truck  
First time we heard Shania Twain  
Think we were on our way to Lubbock  
And I know you think he loves you now  
Seen so many girls come in and out  
It sounds a bit insensitive but the truth is what it I want your boyfriend  
I'm not gonna lie  
I'll be his girl when he tells you goodbye  
Don't worry I won't take him cause  
I ain't that low  
I want your boyfriend  
Just thought you should know yeah  
Don't know why you act so surprised  
Can't you see it in his eyes?  
You must've known it all this time  
Yeah I want you boyfriend to tell you the truth  
I'll be right there when he gets over you  
What's meant to be will always find its way in the end I want your boyfriend  
I'm not gonna lie I'll be his girl when he tells you goodbye  
Don't worry I won't take him cause  
I ain't that low  
I want your boyfriend  
I want your boyfriend  
I want your boyfriend  
Just thought you should know
