

# Belong To the World

## The Weeknd

I know you want your money, girl  
Cause you do this every day, okay  
The way you doubt your feelings  
And look the other way  
Well, it's something I relate to  
Your gift of nonchalance  
Nobody's ever made me fall in love  
With this amount of touch I'm not a fool  
I just love that you're dead inside (that you're dead inside)  
I'm not a fool, I'm just lifeless too  
But you taught me how to feel  
When nobody ever would  
And you taught me how to love  
What nobody ever could  
Ooh girl, I know I should leave you  
And learn to mistreat you  
Cause you belong to the world  
And ooh girl, I want to embrace you  
Domesticate you  
But you belong to the world And I know that I'm saying too much  
Even though I'd rather hold my tongue  
And I'll pull you closer holding on to  
Every moment till my time is done  
And this ain't right, you've been the only one to make me smile  
In such long, I've succumbed to what I've become, baby I'm not a fool  
I just love that you're dead inside (that you're dead inside)  
I'm not a fool, I'm just lifeless too  
Ooh girl, I should leave you (I know I should leave you)  
And learn to mistreat you (And learn to mistreat you)  
Because you belong to the world  
And ooh girl, I wanna embrace you  
Domesticate you  
But, you belong to the world  
But, you belong to the world  
But, you belong to the world  
You belong to the loneliness of filling every need  
You belong to the world, you belong to the world  
You belong to the temporary moments of a dream  
Ooh girl, I know I should leave you  
And learn to mistreat you  
Cause you belong to the world  
And ooh girl, I want to embrace you

Domesticate you  
But you belong to the world
