

# Make It to the Party

Mitchell Tenpenny

[Verse 1]

Five minutes don't mean five minutes when she's slipping on that dress  
Five minutes, don't take five minutes for us to break our plans  
If you're gonna look like that, baby  
Ain't nothing in the world can save  
Five minutes, don't take five minutes for us to know we ain't gonna

[Chorus]

Make it to the party  
Tell our friends we're sorry  
We should kick it right here  
To the rhythm of our heartbeats  
Take it slow, do whatever we like, girl  
Ain't gonna lie  
If we keep making up then we ain't about to  
Make it to the party

[Verse 2]

Five steps, won't take five steps for us to turn it back around  
Five sips then another five sips and now we're losing count  
If you're gonna look like that, baby  
Ain't nothing in the world can save  
Five seconds, don't wait five seconds to kiss me 'cause we ain't gonna

[Chorus]

Make it to the party  
Tell our friends we're sorry  
We should kick it right here  
To the rhythm of our heartbeats  
Take it slow, do whatever we like, girl  
Ain't gonna lie  
If we keep making up then we ain't about to  
Make it to the party

[Bridge]

Let's rewind five minutes to that dress without you in it  
We ain't gotta leave and meet nobody, just our bodies

[Chorus]

Ain't gonna make it to the party

Tell our friends we're sorry  
We should kick it right here  
To the rhythm of our heartbeats  
Take it slow, do whatever we like, girl  
Ain't gonna lie  
If we keep making up then we ain't about to

Make it to the party  
Tell our friends we're sorry  
We should kick it right here  
To the rhythm of our heartbeats  
Take it slow, do whatever we like, girl  
Ain't gonna lie  
If we keep making up then we ain't about to  
Make it to the party
