

# Should've Known Better

Richard Marx

Another sleepless night I can't explain  
Somebody said they heard me call your name  
The radio won't let you leave my mind  
I know it's over, but I don't know why

Should've known better  
Than to fall in love with you  
Now love is just a faded memory  
Should've known better  
Now I'm a prisoner to this pain  
And my heart still aches for you (Oooo)

Well there was no risk that I wouldn't take  
And not a promise that I didn't make  
All I asked was that you just hold on  
Now I'm wondering what I did wrong

Should've known better  
Than to fall in love with you  
Now love is just a faded memory  
Should've known better  
Now I'm a prisoner to this pain  
And my heart still aches for you

I gave you all of my body and soul  
(I gave you all of my body and soul)  
Never believing we might lose control  
(Never believing we might lose control)  
I took my hands off the wheel  
(I took my hands off the wheel)

I can't remember if the lies were true  
It's been a million years since I touched you  
Well I thought time might help me win this game  
But being away from you is slowly driving me insane

Should've known better  
Than to fall in love with you  
Now love is just a faded memory  
Should've known better

Now I'm a prisoner to this pain  
And my heart still aches for you

Should've known better  
Than to fall in love with you  
Now love is just a faded memory  
Should've known better  
Now I'm a prisoner to this pain  
And my heart still aches for you
