

Ain't Gonna Drown

Elle King

[Verse 1]

Train's coming, but I'm stuck on this road
Moon's rising, and my blood is growing cold

Preacher man can't save a soul like mine
Miracles are just too damn hard to find

[Chorus]

Ain't gonna drown in the water
Ain't gonna drown in the water
Ain't gonna drown in the water
'Cause the good Lord ain't bringing me home

[Verse 2]

I'm bound for the broken promise land
To meet my demons and get back my upper hand
Law man can't catch a soul like mine
Miracles are just too damn hard to find

[Chorus]

Ain't gonna drown in the water
Ain't gonna drown in the water
Ain't gonna drown in the water
'Cause the good Lord ain't bringing me home

[Bridge]

Law man can't catch a soul like mine
Miracles are just too damn hard to find

[Chorus]

Ain't gonna drown in the water
Ain't gonna drown in the water
Ain't gonna drown in the water
'Cause the good Lord ain't bringing me home
Ain't gonna drown in the water
Ain't gonna drown in the water
Ain't gonna drown in the water

'Cause the good Lord ain't bringing me home
