

# Winter

Joshua Radin

I should know who I am by now,  
I walk, the record stands somehow  
Thinking of winter  
Your name is the splinter inside me while I wait I remember the sound  
Of your November downtown  
And I remember the truth  
A warm December with you  
But I don't have to make this mistake  
And I don't have to stay this way  
If only I would wait  
The walk has all been cleared by now  
Your voice is all I hear somehow  
Calling out winter  
Your voice is the splinter inside me while I wait I remember the sound  
Of your November downtown  
And I remember the truth  
A warm December with you  
But I don't have to make this mistake  
And I don't have to stay this way  
If only I would wait I could have lost myself  
In rough blue waters in your eyes  
And I miss you still  
I remember the sound,  
Of your November downtown  
And I remember the truth,  
A warm December with you  
But I don't have to make this mistake  
And I don't have to stay this way  
If only I would wait
