

# Lonely Tonight (feat. Ashley Monroe)

Blake Shelton

I never thought you'd pick up the phone  
It's Friday night you should be at home at town  
Didn't think you'd be sitting at home all alone like me  
Nothing on TV, nothing to do  
Nothing to keep my mind off you and me  
And the way it was  
Are you thinking 'bout it now because  
I could be there in five  
One more one last time We don't have to be lonely tonight  
Need you, want you, I'm right here  
We don't have to be lonely tonight  
I know we shouldn't, but I don't care  
I don't wanna be right, I don't wanna be strong  
I just wanna hold you till the heart breaks stone  
When the sun comes up, we can both move on  
But we don't have to be lonely tonight  
That taste, that touch, the fire I miss  
Those kiss me eyes, your red wine lips, oh my  
I can use to be, baby I want you, and you want me We don't have to be lonely tonight  
Need you, want you, I'm right here  
We don't have to be lonely tonight  
I know we shouldn't, but I don't care  
I don't wanna be right, I don't wanna be strong  
I just wanna hold you till the heart breaks stone  
When the sun comes up, we can both move on  
But we don't have to be lonely tonight I can be there in five  
One more one last time  
We don't have to be lonely tonight  
Need you, want you, I'm right here  
We don't have to be lonely tonight  
I know we shouldn't, but I don't care  
I don't wanna be right, I don't wanna be strong  
I just wanna hold you till the heart breaks stone  
When the sun comes up, we can both move on  
But we don't have to be lonely tonight
