

# Little Bird

Ed Sheeran

If we take this bird in, with its broken leg  
We could nurse it, she said  
Come in side for a little lie down with me  
And if we fall asleep it would be the worst thing.  
But when i wake up, and your makeup is on my shoulder  
And tell me if i lie down, would you stay now?  
Let me hold ya, ohhBut if i kiss you will your mouth read this truth  
Darling how i miss you, strawberry's taste how lips do  
And its not complete yet, mustn't get our feet wet  
Cause that leads to regret, diving into soon.  
And i'll owe it all to you, oh, my little bird  
My little birdIf we take a walk out, in the morning dew  
We can lay down, so i'm next you  
Come inside for a little home made tea  
And if you fall asleep, then at least your next to me  
And if i wake up, say its late love get back to sleep  
I'm covered by nature and i'm safe now  
Underneath this oak tree, with you beside meBut if i kiss you will your mouth read this truth  
Darling how i miss you, strawberry's taste how lips do  
And its not complete yet, mustn't get our feet wet  
Cause that leads to regret, diving into soon.And i'll owe it all to you, oh, my little birdMy little  
birdMy little birdMy little bird  
And of all this thing i'm sure of, i'm not quite certain of your love  
You made scream but then i made you cry when i left that little bird with its broken leg to die  
But if i kiss you will your mouth read this truth  
Darling how i miss you, strawberry's taste how lips do  
And its not complete yet, mustn't get our feet wet  
Cause that leads to regret, diving into soon.  
But i'll owe it all to you, oh, my little bird  
My little bird, whoa oh oh oh whoaa  
My little bird  
My little bird  
Your my little bird...
