

# Bugaboo

## Yung Baby Tate

Woo!

Buggin me (x7)

[Verse 1]

Nigga you a bugaboo, gullible as hell  
Thinking that I fuck with you for real, ew  
The thought of laying up with you  
Is making me uncomfortable  
And I would rather go to jail never post bail  
I'd rather sit up in a cell  
Than to have to sniff another smell  
Of your musty, dusty, crusty ass  
You ain't gotta touch me when you pass by  
Bye boy (Bye!)

Why these boys don't know  
The only reason I gave you my number  
Is so you would leave me the fuck alone  
You getting blocked soon as I get home  
Don't talk to me

Unless you got some guap for me  
I know you tryna rock with me  
I'm probably the baddest thing  
You seen in a minute  
Tryna get up in it it's a D-U-B  
He say I'm Lil' Kim he tryna B-I-G  
I'd rather D-I-E

As if I'd ever wanna touch you  
Yo, you trippin  
Yo, you buggin dude  
Ew, you annoying  
And that's why I call you Bugaboo

[Chorus]

Bugaboo, you buggin me, you buggin  
You know I don't fuck wit you lil buddy  
You can't get no hug from me or nothing  
If I see you coming then I'm ducking, ooh  
Bugaboo

[Verse 2]

Boy you a bird, it's gross  
Everytime I turn around you do the most  
Tryna make it seem like we go together  
Leaving weird ass comments under my post  
Flexing for the gram  
Boy you a fan  
You'll never be my man  
Don't ever pull that shit again  
Nigga you trippin with God as my witness  
I'm trying to spit this the nicest way possible  
I put them obstacles there for a reason  
I'm tryna block you from going too deep in  
Cuz I ain't the type  
I ain't ya wife  
I'll break your heart  
Have you crying for life  
Don't try to act like I didn't tell ya  
Don't get your hopes up cuz imma fail ya  
Had to block him  
He was blowing up my phone  
Tried to tell him time and time again  
Boy leave me alone  
As if I would ever wanna touch you  
Yo, you buggin dude  
Ew, you annoying  
And that's why I call you Bugaboo

[Chorus]

Bugaboo, you buggin me, you buggin  
You know I don't fuck wit you lil buddy  
You can't get no hug from me or nothing  
If I see you coming then I'm ducking, ooh  
Bugaboo

[Bridge]

You off  
You buggin  
You get discontinued  
Imma cut it  
And if you keep on coming  
Chris Brown, imma run it  
Now don't let me hear no more buzzin  
That's the end of discussion

[Chorus]

Bugaboo, you buggin me, you buggin

You know I don't fuck wit you lil buddy  
You can't get no hug from me or nothing  
If I see you coming then I'm ducking, ooh  
Bugaboo
