

Liberty Walk

Miley Cyrus

[Intro]

Don't live a lie
This is your one life, oh
Don't live a lie, you won't get lost
Just walk, just walk

[Interlude]

It's a liberty walk, it's a liberty walk
It's a liberty, liberty, liberty
It's a liberty walk, it's a liberty walk
It's a liberty, liberty, liberty

[Verse 1]

Here's to all the ones tryna hold you back
Tryna make you feel like you're less than that
Giving nothing more better than to make you crack
But really just trying to push your dreams off track
And you know in the end, it'll be okay
'Cause all that really matters are the steps you take
And everything else falls into place
There's no price to pay, I say

[Pre-Chorus]

Well, alright (Alright)
Yeah, yeah (Yeah, yeah)
We gonna get it
When we live it, live it
Well, alright (Alright)
Yeah, yeah (Yeah, yeah)
We gonna get it
When we live it, walk, walk

[Chorus]

It's a liberty walk, walk
Saying goodbye to the people who tied you up
It's a liberty walk, walk
Feeling your heart again, breathing new oxygen
It's a liberty walk, walk
Free yourself, slam the door, not a prisoner anymore
Liberty, liberty, li-li-liberty, liberty, li-li

It's a liberty walk, walk, walk

[Post-Chorus]

Don't stop
Keep on walking it, and
Don't stop
Keep on talking sh-
Don't stop
Keep on walking it
Walk, walk, walk, walk

[Verse 2]

Don't be afraid to make a move
It won't hurt you just do
What you were born to do
And everything works out right
Don't listen to all the people who hate
'Cause all they do is help make your mistakes, for ya
Well, they don't own ya
I just told ya

[Pre-Chorus]

Well, alright (Alright)
Yeah, yeah (Yeah, yeah)
We gonna get it
When we live it, live it
Well, alright (Alright)
Yeah, yeah (Yeah, yeah)
We gonna get it
When we live it, walk, walk

[Chorus]

It's a liberty walk, walk
Saying goodbye to the people who tied you up
It's a liberty walk, walk
Feeling your heart again, breathing new oxygen
It's a liberty walk, walk
Free yourself, slam the door, not a prisoner anymore
Liberty, liberty, li-li-liberty, liberty, li-li
It's a liberty walk, walk, walk

[Post-Chorus]

Don't stop
Keep on walking it, and
Don't stop (Just walk this way)
Keep on talking sh-
Don't stop
Keep on walking it

Don't like, don't like, don't like, don't like

[Bridge]

Don't like what you do (walk)

Don't take the abuse (walk)

Move to the truth (walk)

People, c'mon, that means you (walk)

[Chorus]

It's a liberty walk, walk

Saying goodbye to the people who tied you up

It's a liberty walk, walk

Feeling your heart again, breathing new oxygen

It's a liberty walk, walk

Free yourself, slam the door, not a prisoner anymore

Liberty, liberty, li-li-liberty, liberty, li-li

It's a liberty walk, walk, walk

[Post-Chorus]

Don't stop

Keep on walking it, and

Don't stop

Keep on talking sh-

Don't stop

Keep on walking it

Walk, walk, walk, walk

Don't stop

Keep on walking it, and

Don't stop

Keep on talking sh-

Don't stop

Keep on walking it

Walk, walk, walk, walk
