Famous

[Lady Antebellum](#)

Living in a world, daddy's little girl
Never hears a no
Everything you want, never what you need
Mirrors and the smokePut another spin on the rehab, rehab
Whole world's waiting on a comeback
Welcome to the show
Watch it all fade to blackDamn, she's famous
Everybody knows what her name is
Kinda breaks your heart when you think about
Everything she gave and the life they stole away
But you can't blame her
Everybody's drawn to the danger
Looking through the lens of make believe
Ain't a mystery why a star goes down in flames
Famous
Yeah, she's famous
Cause another scene, selling magazine
Catch another flash
Losing who you are, going too afar
To ever get backPut another spin on the rehab, rehab
Whole world's waiting on a comeback
Now everybody say
It's so sad, so sadBut damn, she's famous
Everybody knows what her name is
Kinda breaks your heart when you think about
Everything she gave and the life they stole away
But you can't blame her
Everybody's drawn to the danger
Looking through the lens of make believe
Ain't a mystery why a star goes down in flames
Famous
Yeah, she's famous
OohBut damn, she's famous
Everybody knows what her name is
Kinda breaks your heart when you think about
Everything she gave and the life they stole away
But you can't blame her
Everybody's drawn to the danger
Looking through the lens of make believe
Ain't a mystery why a star goes down in flames
Famous

Ooh, woah
