

# Crystal Ball

## P!nk

### [Verse 1]

Drinking wine and thinking bliss is on the other side of this  
I just need a compass and a willing accomplice  
All my doubts that fill my head cascading up and down again  
Up and down and 'round again, down and up and down again  
Oh, I've had my chances and I've taken them all  
Just to end up right back here on the floor  
To end up right back here on the floor

### [Chorus 1]

Pennies in a well, a million dollars in the fountain of a hotel  
Fortune teller that says maybe you will go to hell  
But I'm not scared at all, mmm, mmm, mmm, mmm, mmm  
Of the cracks in the crystal, the cracks in the crystal ball

### [Verse 2]

Sometimes you think everything is wrapped inside a diamond ring  
Love just needs a witness and a little forgiveness  
And a halo of patience and a less sporadic pace and  
I'm learning to be brave in my beautiful mistakes  
Oh, I've felt that fire and I have been burned  
But I wouldn't trade the pain for what I've learned  
I wouldn't trade the pain for what I've learned

### [Chorus 1]

Pennies in a well, a million dollars in the fountain of a hotel  
Fortune teller that says maybe you will go to hell  
But I'm not scared at all, mmm, mmm, mmm, mmm, mmm  
Of the cracks in the crystal, the cracks in the crystal ball

### [Bridge]

Irony, irony, this hate and love, hate and love  
What it does to me, what it's done to me  
What is done, done

### [Chorus 2]

Pennies in a well, a million dollars in the fountain of a hotel  
Broken mirrors and a black cat's cold stare  
Walk under ladders on my way to hell, I'll meet you there  
But I'm not scared at all, mmm, mmm, mmm, mmm, mmm

No, I'm not scared at all  
Of the cracks in the crystal, the cracks in the crystal ball
