

# Touch and Go

Bob Moses

[Verse 1]

Well there's a little black box where you keep your life locked away now  
And there's an answer in your heart  
But you won't let it start to play out  
So won't you tell me just once, darling, what are you so afraid of?  
Go on and show me what you're made of  
Go on and show me what you're made of

[Chorus]

Ooh here we go round again now  
Honey, it's true, the one that you want is right in front of you  
Touch and go, and all I wanna know, right in front is you  
Yes or no, it's got me down so low, right in front of you  
Touch and go, and all I wanna know, right in front is you  
Yes or no, I've waited for so long

[Verse 2]

So if the feeling ain't right won't you tell me the fight is over  
Instead of taking my time  
Well you know that I tried to show you  
But you've got nothing left to hide  
And there's nothing to be afraid of  
Go on and show me what you're made of  
Go on and show me what you're made of

[Chorus]

Ooh here we go round again now  
Honey, it's true, the one that you want is right in front of you  
Touch and go, and all I wanna know, right in front is you  
Yes or no, it's got me down so low, right in front of you  
Touch and go, and all I wanna know, right in front is you  
Yes or no, I've waited for so long
