

Naughty List

Mitchell Tenpenny

[Verse 1]

We're spending Christmas at your parents house
They got us sleepin' in these separate rooms
And Iâ€¦don'tâ€¦wanna make 'emâ€¦mad or disrespect your dad
But I'mâ€¦dyin' to snuggle up with you

[Verse 2]

So I'ma tip-toe real slow down the hallway
If the floor creeks stop, that was close
I've been a good boy all year, that's the truth
But with a little knock-knock

[Chorus]

I'ma end up on the naughty list
And Santa's gonna take back all my gifts
With kisses sweeter than the cookies that we left up by the chimney
Tell me baby, how could I resist?
How could he blame me when it's cold outside?
Wanna hold you tight, 'cause I know how warm your body is
I'ma end up on the naughty list
And baby I don't care

[Verse 3]

It all started with a mistletoe
Your sexy Mrs. Claus mini skirt
I was buzzin' off the egg nog
Baby when I felt your hands creepin' up my shirt
I knew that we'd be getting tangled up in these sheets
Girl it's pretty much guaranteed

[Chorus]

I'ma end up on the naughty list
And Santa's gonna take back all my gifts
With kisses sweeter than the cookies that we left up by the chimney
Tell me baby, how could I resist?
How could he blame me when it's cold outside?
Wanna hold you tight, 'cause I know how warm your body is
I'ma end up on the naughty list

[Bridge]

Just to feel you on my finger tips
Well I would give up all my Christmases
Everyday is a gift when I'm lovin' on you just like this
Yeah-yeah

[Chorus]

I'ma end up on the naughty list
Santa's gonna take back all my gifts
With kisses sweeter than the cookies that we left up by the chimney
Tell me baby, how could I resist?
How could he blame me when it's cold outside?
Wanna hold you tight, 'cause I know how warm your body is, yeah
I'ma end up on the naughty list
Oh, and baby I don't care
