

# Oh God (feat. Konshens)

Era Istrefi

I like it when you're vocal  
Speaking over my body  
Treat it like a temple  
Boy, this ain't no novelty  
And don't be telling no one  
We don't need no NDA  
No, we don't need no NDA  
'Cause I like what you have to say When we drowning out the radio  
When I'm going down  
And you're working up my ego with every sound  
You make me feel like a God when I hear you say "oh God, oh God"  
Boy, it's so fucking hot when I hear you say "oh God, oh God"  
And boy, it sounds like a song when  
I hear you say "oh God, God, God, God"  
You make me feel like a God when I  
hear you say "oh God, God, God, God"  
Oh God, Oh God Louder than the thunder  
We don't even got no rain  
Never have to wonder  
'Cause I see it on your face  
And I'm feeling this way  
Feeling this, feeling this way  
Boy, I need this on replay  
Make your body go "eh"  
I like what you have to say  
I like what you have to say  
When we drowning out the radio  
When I'm going down  
And you're working up my ego with every sound You make me feel like a God when I hear you  
say "oh God, oh God"  
Boy, it's so fucking hot when I hear you say "oh God, oh God"  
And boy, it sounds like a song when  
I hear you say "oh God, God, God, God"  
You make me feel like a God when I  
hear you say "oh God, God, God, God"  
Oh God, Oh God When you work it up, when you put it pon mi thing  
Oh my Lord, [?] give you everything  
When you go downtown, couldn't do a better thing  
I love the direction that you're heading in  
When the waves start riding the ocean  
Bring out all kinda emotion  
Let me give it to ya wild like [?]

You say my name out like a devotion  
[?] cannot be lazy  
Gotta be a bad girl fi match mi crazy  
Your body good like good, clearly  
And it get wetter when you hear me You make me feel like a God when I hear you say "oh God,  
oh God"  
Boy, it's so fucking hot when I hear you say "oh God, oh God"  
And boy, it sounds like a song when  
I hear you say "oh God, God, God, God"  
You make me feel like a God when I  
hear you say "oh God, God, God, God"  
Oh God, Oh God Oh God, Oh God  
Oh God, Oh God  
Oh God, Oh God
