

# Selling Me Sympathy

Bob Moses

[Verse 1]

Have faith in us  
I know you wanted more  
Is faith enough?

Don't say too much  
I've heard it all before  
Say what you must

[Chorus]

Life's so cold and so sweet  
Still you're selling me sympathy  
Bought your story but now I see  
All you ever wanted was a piece of me  
A fool to follow, a lie to lead  
Words I swallow down sicken me  
You're not giving me what I need  
'Cause all you ever wanted was a piece of me

[Verse 2]

I'm waking up  
Yet still you offer more  
It's not enough

My faith is gone  
With all you've said and done  
I know too much

[Chorus]

Life's so cold and so sweet  
Still you're selling me sympathy  
Bought your story but now I see  
All you ever wanted was a piece of me  
A fool to follow, a lie to lead  
Words I swallow down sicken me  
You're not giving me what I need  
'Cause all you ever wanted was a piece of me

[Instrumental break]

[Chorus]

Life's so cold and so sweet  
Still you're selling me sympathy  
Bought your story but now I see  
All you ever wanted was a piece of me  
A fool to follow, a lie to lead  
Words I swallow down sicken me  
You're not giving me what I need  
'Cause all you ever wanted was a piece of me
