

# New Tattoo

James Arthur

Under my skin, beneath my fingertips  
You slip and slide away  
Let me begin to understand how you operate in such a calculated way  
Before today  
I didn't know if I'd make it  
But now it's all making sense  
I wear you like a new tattoo  
The design I desire, I don't wanna remove  
You're the kind of thing that I could love forever  
I wear you like a new tattoo  
And I'll be so happy that I'm stuck with you  
And we cannot deface in any weather  
Do you ever look in the mirror  
And not know who you are, or know where you going  
Well, I've been that boy  
For what feels like 500 years  
Now I'm finally finding me  
Before today  
I didn't know if I'd make it  
But now it's all making sense  
I wear you like a new tattoo  
The design I desire, I don't wanna remove  
You're the kind of thing that I could love forever  
I wear you like a new tattoo  
And I'll be so happy that I'm stuck with you  
We cannot deface in any weather  
And I was so lost  
I was so lost in this world  
With no place and no purpose  
Now I'm blowing up and I will get bigger, never high  
Run a fire, the harder we'll love  
I wear you like a new tattoo  
The design I desire, I don't wanna remove  
You're the kind of thing that I could love forever  
I wear you like a new tattoo  
And I'll be so happy that I'm stuck with you  
We cannot deface in any weather  
Any weather
