

Messiah

Madonna

I am the promise that you cannot keep
Reap what you sow find what you seek
I am the sorceress down in the deep
I am the earth under your feet
I am the moon with no light of my own
You are the sun guarding your throne
I heard the angels whisper to me
Look for the signs, he is the one I'll light a candle here in the dark
Making my way to your heart
I'll cast a spell that you can't undo
Till you wake up and you find that you love me too...
I'll be the bride that is married to life
You are the day, I am the night
Weave you a blanket of silver and gold
I'll keep you warm, do as I am told
I need your strength that will keep me from harm
I'll be your queen, safe in your arms
Don't wanna get to the end of my days
Saying I wasn't amazed
I'll light a candle here in the dark
Making my way to your heart
I'll cast a spell that you can't undo
Till you wake up and you find
I'll light a candle here in the dark
Making my way to your heart
I'll cast a spell that you can't undo
Till you wake up and you find that you love me too...
