

Gone (The Wild Remix)

Charli XCX & Christine and the Queens

I have to go, I'm so sorry
But it feels so cold in here
I am just now realising, they don't care
I try real hard but I'm caught up
By my insecurities
Pour me one more
Watch the ice melt in my fist I feel so unstable, fuckin' hate these people
How they makin' me feel lately
They makin' me weird baby, lately
I feel so unstable, fuckin' hate these people
How they makin' me loathe
They makin' me loathe, yeah
Why do we kick when the water runs?
Why do we love if we're so mistaken?
Why do we leave when the chase is done?
Don't search me in here, I'm already gone, baby
Why do we kick when the water runs?
Why do we love? I will lay down, but they're staring
Their eyes like to shine as though
I see myself and I look scared and confused
Wait, did they just talk?
Why is it allowed?
Do they wish to run through me?
Am I just smoke? Am I the sun and
Who'll decide?
Oh
I feel so unstable, fuckin' hate these people
How they makin' me feel lately
They makin' me weird baby, lately
I feel so unstable, fuckin' hate these people
How they makin' me loathe
They makin' me loathe Why do we kick when the water runs?
Why do we love if we're so mistaken?
Why do we leave when the chase is done?
Don't search me in here, I'm already gone, baby
Why do we kick when the water runs?
Why do we love if we're so mistaken?
Why do we leave when the chase is done?
Don't search me in here, I'm already gone, baby Why do we kick when the water runs?
Ne me cherche pas, je ne suis plus là, baby
Why do we leave when the chase is done?
Ne me cherche pas, je ne suis plus là Why do we, oh? Why do we kick when the water runs?

Why do we love if we're so mistaken?
Why do we leave when the chase is done? Why do we kick when the water runs?
Why do we love if we're so mistaken?
Why do we leave when the chase is done?
Don't search me in here, I'm already gone, baby
