

# Zombie Ninjas

## Songs to Wear Pants To

It's the night of the ninja dead  
Shoalin hunter, i'm the kung fu zed  
I got stealth and speed so you could never catch me  
I'm the real meaning of "silent but deadly"  
I don't need to throw stars, i'll rip my whole arm off  
And hit you out the driver's side of your own car  
And with my ninja skills perfected  
It's a matter of time before you're all infected  
When i bite you, you'll turn into a zombie

[Spoken]

But uh, you won't turn into a ninja as well  
Just the zombie part, I'm afraid  
You could be  
Zombie... guy that works at best buy!

[Sung]

We are ninjas who eat brains  
We are zombies wielding swords  
We are pretty much invisible  
But we travel in hordes  
We are zombies who move fast  
We are ninjas from the dead  
We are basically gonna to eat your head

You might know us from a video game  
But this is no campaign, you're all about to be slain  
And you might complain about a little neck pain  
'cause, well, do i even have to explain?  
We'll cover everything you own in blood stains  
We limp, but somehow still travel faster than planes  
We have the minds of ninjas but we're also insane  
And we're hungry, so you better  
Hide your kids, hide your brains

We are ninjas who eat brains  
We are zombies wielding swords  
We are pretty much invisible  
But we travel in hordes  
We are zombies who move fast

We are ninjas from the dead  
We are basically gonna to eat your...

Guess who's back?  
Now how was the first zombie ninja bitten?  
He must have been a ninja in a compromised position  
'cause if not, he could take a million zombies on  
His sword drawn at the dawn of the dead with brawn  
But somehow he had a bite taken out of his neck  
Was dead for a while but then started to resurrect  
And he went and bit the other ninja boys and girls  
Once there's one zombie ninja it's the end of the world  
I'm rapping to you from this lair i made  
It's got a barricade, so don't be scared to stay  
Because we're very safe, that's why i'm all like "yeah  
The zombie ninjas could never... aah!"

We are ninjas who eat brains  
We are zombies wielding swords  
We are pretty much invisible  
But we travel in hordes  
We are zombies who move fast  
We are ninjas from the dead  
We are basically gonna to eat your head

We are ninjas who eat brains  
We are zombies wielding swords  
We are pretty much invisible  
But we travel in hordes  
We are zombies who move fast  
We are ninjas from the dead  
We are basically gonna to eat your head  
We are basically gonna to eat your head  
We are basically gonna to eat your head
