

Together We Are

ARTY

[Verse 1: Chris James]

Call on me
I call to you
Reach for me
I'll be the one you can hold on to

And it's you I see
And it's you I believe in
And it's you and me
Together we are

[Chorus: Chris James]

Together we are
Stronger, stronger
Together we are
Stronger, stronger
Together we are

[Verse 2: Chris James]

We are going tonight, tonight
Cause we, we pull out the stars from the sky
And I'm forever in love with the way we are, we are
Together we are
Stronger

[Outro: Chris James]

Together we are
Stronger, stronger
Sing it, sing it
Stronger, stronger
Sing it, sing it
Stronger, stronger
Sing it, sing it
Stronger, stronger
Together we are
