

When You Got a Good Thing

Lady Antebellum

Everybody keeps telling me I'm such a lucky man
Lookin at you standin there I know I am
Barefooted beauty with eyes that blue
The sun shine sure looks good on you
I swear Oh I can't believe I finally found you baby
Happy ever after, after all this time
Oh there's gonna be some ups and downs
but with you to wrap my arms around
I'm fine So baby, hold on tight
Don't let go
Hold onto the love we're making
Cause baby when the ground starts shakin
You gotta know when you've got a good thing
You know you keep on bringin out the best in me
And I need you now even more than the air I breathe
You can make me laugh when I wanna cry
This will last forever I just know, I know So baby, hold on tight
Don't let go
Hold onto the love we're making
Cause baby when the ground starts shakin
You gotta know when you've gotta good thing We got a good thing, baby, whoa
So hold on tight
Baby, don't let go
Hold onto the love we're making
Cause baby when the ground starts shakin
You gotta know, oh you gotta know
Oh you gotta know, you gotta know
When you got a good thing
We got a good thing baby
Whoa
whoa
whoa
whoa
Whoa
