If the lady's in the disco club
Are freakin in the disco club

Parties and getting naughty is what I'm all about
So many girlies in the house
With banging ass bodies and perty ass mouths
After the club we're going straight to my house

I rock steady, no doubt
You ask for some of us so I let you turn it out
Don't give me drama baby, baby don't pout
I don't want a baby, momma, don't want a spouse
If the lady's in the disco club
Are freakin in the disco club
And dancing in the disco club
And shaking in the disco club
Then take me to the disco club If the lady's in the disco club
Are freakin in the disco club
And dancing in the disco club
And shaking in the disco club
Then take me to the disco club
I like the way that you move (move)
Don't hold back, baby, do what you do (don't make me)
You make a nigga go ooh (ooh)
How the hell a woman get as fine as you (so fine)
I'm trying to holler at you (you)
First time I see ya' I was like 'hallelujah' (hallelujah!)

Dancing on the dance floor, getting my bulge on
(Rising) And I got a Trojan

 The ladies in the disco club ain't the ones to be falling in love with Playa listen, yeah, I'm a Miss
 and I go to clubs and I sip on Cris and

 Rub it on your belly like a ultrasound
 Shake it like a jelly and move around
 Really wanna see y'all flaunt your style
 Get wild, baby, get a little crazy
 Don't hesitate, won't take no/maybe
 (Move) not like an eviction
 But me and you baby all cause friction
 Hmm, as my eyed undress you
 Just wanna let you know there's no pressure
 Body conversation, they both want pleasure
 But your girl cock-blocked and won't let you
 Hmm, what you gonna do now
 Bounce, rock, shake and we can all while out
 Let it all flow like a river now
