

Forever

Andy Grammer

It's amazing
The time that it's taking
For you to come out here
I don't know what you do in there
Only so many ways you can change
How light will hit your face
Or how you can fix your hair
You only got two eyes
Two lips so wide
You shouldn't really take long at all
But when you finally smile
'Cause it's just right
Damn you look beautiful
You take forever, ever, ever, ever
But you're always worth waiting for
You take forever, ever, ever, ever
I guess I'll wait a little more
Now I know it's time
I realize
I'm gonna be waiting half my life
With my back up against the door
'Cause you take forever, ever, ever, ever, ever, ever, ever, ever
But you're always worth waiting for
And you lie through your teeth
When you try to convince me that you'll be
That you'll be out in less than five
'Cause we both know that the only way you will ever leave
Is if we set the whole place on fire
You already said you had the perfect dress
So why you gotta try them all
No matter how late it gets
I must confess
Damn you look beautiful
You take forever, ever, ever, ever
But you're always worth waiting for
You take forever, ever, ever, ever
I guess I'll wait a little more
Now I know it's time
I realize
I'm gonna be spending half my life
With my back up against the door
'Cause you take forever, ever, ever, ever, ever, ever, ever, ever

But you're always worth waiting for
You take forever, ever, ever, ever
I guess I'll wait a little more
I guess I'll wait a little more
