

Ljbf (Let's Just Be Friends)

Alex Lewis

You call me up on the phone and ask me to come over and cuddle
I think you must want me or else you'd be a little more subtle
We go into your room get into your bed
My lap is where you decide to rest your head
And just when I'm about to make my move
You say
"You're my straight gay friend"
(What?)
"My straight gay friend"
"You're closer to me than the rest of those men"
"Too sweet to try to get in my pants"
"I appreciate you not trying to advance"
And I say
"Don't mention it I'm here for you"
"But the subtext is damn, and my balls are blue"
I can't believe I just got L.J.B.F.'d again
Another lets just be friends
Well I'm out at the bar when I see her standin' there
(Dude she's so freakin' hot)
She walks up to me and runs her fingers through my hair
(Awh yeah)
We drive back to her place
She says take of your shirt
I'm gonna change out of this tiny skirt
So it doesn't get dirty and what's that I see in your hand
It's a can of paint and a roller too
You seem like such a nice guy so here's what we'll do
We'll paint my room watch Will & Grace on T.V
Just like when it was my brother and me
You're my straight gay friend
My straight gay friend
You're closer to me than the rest of those men
You're cute and non-threatening and nice to me
Thanks for being that way Ba-by
And I say don't worry about it that's nice of you to say
But in my mind we're doin' it 10 different ways
I can't believe I just got L.J.B.F.'d again
Another "Let's just be friends"
What you girls don't understand is that guys like me
We got enough friends

And it fills me up with so much spite when you
TALK ABOUT THE DOUCHE BAG YOU WERE WITH LAST NIGHT
Im finally doin' it right with this awesome hottie
She says sweet words to me and is feeling
All over my body
When we wake up from that crazy night
I look at you and realize my eyes where not right
That beer made my brain rise, she's a big ol' cow
And when she tries to make a move right now
I say lets just be friends
Lets just be friends
I know it felt like that night would never end
But you seem so nice don't want to ruin it with sex
I gotta go now but I'll give you a text
So I run for the hill and can't help but feel hexed
You ladies out there really got me vexed
Gonna staple a sign to my face that says
I have no interest in being your friend
(be your friend) (be your friend)
(be your friend) (be your friend)
(be your friend) (be your friend)
(be your friend) (be your friend) (be your friend)
