

# Body Heat

Selena Gomez

I'm going in, I'm ready to surrender  
Like a diamond, I need a little pressure  
So press me down till I scream  
If you're the flame, I'm kerosene  
I'm burning up, baby All I need, all I need is your body heat  
Right next to me  
All I need, all I need is your body heat  
Oh my God it feels amazing when you hold me close  
Know me like the summer, baby don't let go  
I got body heat  
(I'm burning up, baby)  
Got body heat  
(All I want is your body)  
Got body heat  
Burn it up, burn it up  
So give it up, give it up  
All I need, all I need is your body heat I'm restless, I'm craving your attention  
My red lips have found a new obsession  
Let's go all night, just you and me  
If you're the flame, I'm kerosene  
I'm burning up, baby All I need, all I need is your body heat  
Right next to me  
All I need, all I need is your body heat  
Oh my God it feels amazing when you hold me close  
Know me like the summer, baby don't let go  
I got body heat  
(I'm burning up, baby)  
Got body heat  
(All I want is your body)  
Got body heat  
Burn it up, burn it up  
So give it up, give it up  
All I need, all I need is your body heat All I need, all I need is your body heat  
Right next to me  
All I need, all I need is your body heat  
Right next to me I'm burning up, burning up, you're right there  
Your body heat right next to me  
I'm burning up, burning up, you're right there  
Your body heat right next to me  
We're connected by the sun  
And all of the stars above  
You melt me and my body feels no shame

And I don't care tonight  
If it burns too bright  
Cause baby, that's why I came All I need, all I need is your body heat  
Right next to me  
All I need, all I need is your body heat  
Oh my God it feels amazing when you hold me close  
Know me like the summer, baby don't let go I got body heat  
(I'm burning up, baby)  
Got body heat  
(All I want is your body)  
Got body heat  
Burn it up, burn it up  
So give it up, give it up  
All I need, all I need is your body heat
