

# Closer to You

Carly Pearce

I got a fast car gassed up, sittin' in the driveway  
Got a road that I know like the back of my hand  
We could head out right now, baby, we could fly away  
Disappear outta here fast as we can Ooh, I miss you baby  
Ooh, I'm goin' crazy There's a diamond sky that's waitin' for us just outside of town  
With the moon hangin'  
For me and you, baby  
We can cut the headlights out when there ain't no one else around  
Kill the space in between  
Slide across that leather seat  
Heart to heart, face to face  
You know all I wanna do  
Is get closer, closer, closer to you  
Closer to you Wanna taste that great wide open freedom  
Wanna make the distance razor thin  
Wanna feel you feel me feel you breathin'  
'Til we can't tell where you end and where I begin There's a diamond sky that's waitin' for us  
just outside of town  
With the moon hangin'  
For me and you, baby  
We can cut the headlights out when there ain't no one else around  
Kill the space in between  
Slide across that leather seat  
Heart to heart, face to face Ooh, I miss you baby  
Ooh, I'm goin' crazy  
There's a diamond sky that's waitin' for us just outside of town  
With the moon hangin'  
For me and you, baby  
We can cut the headlights out when there ain't no one else around  
Kill the space in between  
Slide across that leather seat  
Heart to heart, face to face Closer, closer, closer to you  
Closer to you
