

# Mud On the Tires

Brad Paisley

[Verse 1]

I've got some big news  
The bank finally came through  
And I'm holding the keys to a brand new Chevrolet  
Have you been outside it sure is a nice night  
How about a little test drive  
Down by the lake

There's a place I know about where the dirt road runs out  
And we can try out the four-wheel drive  
Come on now what do you say  
Girl, I can hardly wait to get a little mud on the tires

[Chorus]

Cause it's a good night  
To be out there soaking up the moonlight  
Stake out a little piece of shoreline  
I've got the perfect place in mind  
It's in the middle of nowhere only one way to get there  
You got to get a little mud on the tires

[Verse 2]

Moonlight on a duck blind  
Catfish on a trot line  
Sun sets about nine this time of year  
We can throw a blanket down  
Crickets singing in the background  
And more stars than you can count on a night this clear

I tell you what we need to do is grab a sleeping bag or two  
And build us a little campfire  
And then with a little luck we might just get stuck  
Let's get a little mud on the tires

[Chorus]

[outro]

And then with a little luck we might just get stuck

Let's get a little mud on the tires
