## **Anything Could Happen**

## **Ellie Goulding**

Stripped to the waist We fall into the river Cover your eyes So you don't know the secret I've been trying to hide We held our breath To see our names are written On the wreck of '86 That was the year I knew the panic was over Yes since we found out Since we found out That anything could happen Anything couldAfter the war we said we'd fight together I guess we thought that's just what humans do Letting darkness grow As if we need its palette and we need its colour But now I've seen it through And now I know the truth That anything could happen Anything couldBaby, I'll give you everything you need I'll give you everything you need, oh I'll give you everything you need But I don't think I need you... I know it's gonna be I know it's gonna be

But I don't think I need you But I don't think I need you But I don't think I need you Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
