

# Riding Against the Wind

Bret Michaels

Snowy night I'm heading home  
An airport bar, there you sat all alone  
I said, "hello, How've you been?"  
"God girl, it's sure good to see you again" Remember of Panama City  
You were fall down drunk  
But you still looked pretty  
We made love all night  
On the beach that September  
Told my friends it was great  
But you still can't remember  
Well...  
That was then  
This is now  
Lookin back i wouldn't change it anyhow  
This is now  
That was then  
Life rolls on  
We're still riding against the wind As for me  
My life's been up and down  
Playing night to night  
Moving town to town  
You said you had a daughter, I've got two of my own  
They're the love of my life  
They sure helped me grow up  
I've seen a few things, Played for the troops of Iraq  
I've made a few friends who didn't make it back  
Yea I danced with the devil and  
Cried with the saints  
I broke all the rules  
So it's wasn't all in vain That was then  
This is now  
Lookin back i wouldn't change it anyhow  
This is now  
That was then  
Life rolls on  
We're still riding against the wind Somedays I'm smiling  
Somedays I'm sad  
Somedays I still wake up fighting mad Yea there's a part of me that wants to go back  
Then I remember I'm good right where I'm at  
It's getting late baby so let's raise a glass  
One to the future  
And one to the past Those photographs

Pictures of  
The friends we lost  
And here's to the ones we love That was then  
This is now  
Lookin back I wouldn't change it anyhow  
This is now  
That was then  
Life rolls on  
We're still ridin against the wind It's all right  
It's okay  
Yesterday's gone  
I'm living for today It's ok  
It's all right  
Somehow we all made it through the night Life rolls on baby!  
And it's rolling,  
We're still ridin against the wind  
It's all right  
It's ok  
I wouldn't change it anyway
