

# Freedun (feat. ZAYN)

M.I.A.

Bass bass  
Bass bass  
I'm a swagger man  
Rolling in my swagger van  
From the People's Republic Of Swagistan  
Free-de-de-dum, free-dom  
Free-de-de-dum, free-dom  
Free-de-de-dum, free-dom  
I'm M.I.A., ay  
I don't need any audition  
I just got my own little mission  
It grew bigger than a politician  
Yeah, history is just a competition  
Do you wanna sign my petition?  
It's for the people with dedication  
Some people fuck it up, technications  
Refugees learn about patience  
Sometimes, I have many visions  
I don't even need a religion  
I'm a new frontier, horizons  
Yeah, I sell this shit to the thousands  
Even aliens see the presentation  
Yeah, tune up the dial on the station  
And think of me sort of like Tarzan  
And I'm swinging this beat, salvation  
All the stars are still shining  
But you're the only one I see  
I can feel when your heart beats, yeah  
But you can't keep your eyes off me  
Free-de-de-dum, free-de-dom  
Free-de-de-dum, free-dom  
Free-de-de-dum, free-de-dom  
Free-de-de-dum, free-dom  
Download it on the DVD, download it on the phone  
If you don't catch them, then baby I'm gone  
Send me your money, and I'll send you my song  
What you get is perfect to turn me life-long  
Lara Croft is soft when it comes my stuff  
She's made up, I'm real, that's enough  
Dinosaurs died out and I'm still strong  
A little bit of fun, yeah, I don't see the wrong  
This song is so good, yeah I waited too long  
I raped that button just to play this song  
Whose world is this? The world is mine, so bring it on  
All the stars are still shining

But you're the only one I see  
I can feel when your heart beats, yeah  
But you can't keep your eyes off me Free-de-de-dum, free-de-dom  
Free-de-de-dum, free-dom  
Free-de-de-dum, free-de-dom  
Free-de-de-dum, free-dom  
Free-de-de-dum, free-de-dom  
Free-de-de-dum, free-dom  
Free-de-de-dum, free-de-dom  
Free-de-de-dum, free-dom Are you gonna sing my song?  
Are you gonna sing my song tonight?  
Tonight, you're gonna sing my song?  
Are you gonna sing my song tonight? Ee-ah-ah-ah, ee-ah-ah  
Ee-ah-ah-ah-ah, ee-ah-ah (It's M.I.A.)  
Ee-ah-ah-ah, ee-ah-ah  
Ee-ah-ah-ah-ah, ee-ah-ah  
Aah, oh, I'm M.I.A., eh  
Are you gonna sing my song?  
Oh, oh...
