Where the hell my phone?  
Where the hell my phone?  
Where the hell my, where the hell my phone, huh?  
How I'm 'posed to get home?  
Where the hell my phone?  
Where the hell my phone?  
Where the hell my, where the hell my phone, huh?  
How I'm 'posed to get home?  
Okay, 2:15 and the lights come on, where my phone?  
Looking 'round like where my phone?  
Looking where my homies went  
Where the hell my homies went?  
Where the hell my homies went?  
How I'm 'posed to get home?  
How I'm 'posed to get home?  
Walking home with my feet all sore  
Walking home with my feet all sore  
What the hell these Louis Vuittons for?  
What the hell these Louis Vuittons for?  
Walking home and it's damn near 4  
Walking home and it's damn near 4  
What the hell these Louis Vuittons for?  
What the hell these Louis Vuittons for?  
Yeah, I was getting it, looking real cute  
Up in the club, man, how do you do?  
Hair ain't a don't, hair is a do  
Ooh, he fine! What's up with you?  
Where the hell my phone?  
Where the hell my phone?  
Where the hell my, where the hell my phone, huh?  
How I'm 'posed to get home?  
Where the hell my phone?  
Where the hell my phone?  
Where the hell my, where the hell my phone, huh?  
How I'm 'posed to get home?  
Ooh, unlock that, all up in my contacts  
Hoo, unlock that, all up in my contacts  
Hoo, unlock that, all up in my contacts  
Hoo, unlock that, all up in my contacts  
Oh my god, why?  
Yeah, and I seen that boy  
Looked at me, but I got annoyed

Cause he bought me a drink for a dollar  
'Fore I came over here and he wanted to holler  
'Fore I came over here and he wanted to holler  
'Fore I came over here and he wanted to holler  
My song came on, so I hit the dance floor  
My song came on, so I hit the dance floor  
Man I lost my, mmm, phone  
Walking home with my feet all sore  
Walking home with my feet all sore  
What the hell these Louis Vuittons for?  
What the hell these Louis Vuittons for?  
Walking home and it's damn near 4  
Walking home and it's damn near 4  
What the hell these Louis Vuittons for?  
I don't know where I'm going  
Where the hell my phone?  
Where the hell my phone?  
Where the hell my, where the hell my phone, huh?  
How I'm 'posed to get home?  
Where the hell my phone?  
Where the hell my phone?  
Where the hell my, where the hell my phone, huh?  
How I'm 'posed to get home? Ooh, unlock that, all up in my contacts  
Hoo, unlock that, all up in my contacts  
Hoo, unlock that, all up in my contacts  
Hoo, unlock that, all up in my contacts  
Ooh, unlock that, all up in my contacts  
Hoo, unlock that, all up in my contacts  
Hoo, unlock that, all up in my contacts  
Hoo, unlock that, all up in my contacts Where the hell my phone?  
Where the hell my phone?  
Where the hell my, where the hell my phone, huh?  
How I'm 'posed to get home?  
Where the hell my phone?  
Where the hell my phone?  
Where the hell my, where the hell my phone, huh?  
How I'm 'posed to get  
But you're holding it  
Oh
