

Stand Alone

Morgan Wallen

[Verse 1]

I made my share of empty promises
Not like you care anymore
I wish you did, but I've done all I can do
Baby, I ain't gonna chase you out that door

[Verse 2]

If you don't know by now that you're the one I love
Clearly we were never meant to be
If you'll take the words out of someone else's mouth
Before you take mine, well I got nothin' left to say

[Chorus]

Oh, I'll stand alone
It won't be the first time, or the last time that I'm gonna make it on my own
Oh, I'll stand alone
Don't be sorry, don't call me, 'cause I won't pick up my phone
I'm standin' alone

[Verse 3]

Just the other day drivin' down the highway
Seen a Chevrolet reminded me of you
I almost called, but I'm sure glad I didn't
I just shook it off and drank some Mountain Dew
You always said that it was bad for my health
Well baby you can go to hell

[Chorus]

While I stand alone
It won't be the first time, or the last time that I'm gonna make it on my own
Oh, I'll stand alone
Don't be sorry, don't call me, 'cause I won't pick up my phone
I'm standin' alone

[Bridge]

The waves will crash, and the winds will blow
But I'll be standin' on my tip toes

[Chorus]

Oh, I'll stand alone

It won't be the first time, or the last time that I'm gonna make it on my own
Oh, I'll stand alone
Don't be sorry, don't call me, 'cause I won't pick up my phone
I'm standin' alone
I'm standin' alone
I'm standin' alone
Standin' alone
