

Superlove

Avicii & Lenny Kravitz

I want you
All of you
Can we break through?
And start anew? I want your superlove
I wanna be inside your superlove
I need the spirit with the sexual
I'm gonna be inside your superlove We both know
The way to go
Let's take a chance
It's our last dance
I want your superlove
I wanna be inside your superlove
I need the spirit with the sexual
I'm gonna be inside your superlove Superlove
Your superlove
The sexual
I wanna be inside your superlove
I want your superlove
I wanna be inside your superlove
I need the spirit with the sexual
I'm gonna be inside your superlove
