## The Cranberries

The stars are bright tonight  
And I am walking nowhere  
I guess I will be alright  
Desire gets you nowhere

And you are always right  
And my, you are so perfect

Take you as you are  
I'll have you as you are  
I'll take you as you are

I love you just the way you are  
I'll have you just the way you are  
I'll take you just the way you are  
Does anyone love the way they are?

The stars are bright tonight  
A distance is between us  
And I will be okay  
The worst I've ever seen us

Still I have my weaknesses  
Still I have my strengths  
And still I have my ugliness  
But I ...

I love you just the way you are  
I'll have you just the way you are  
I'll take you just the way you are  
Does anyone love the way they are? (x2)

Star, star...
