

# Christmas Day (feat. Jennifer Nettles)

**Michael W. Smith**

Snow covered rooftops  
Lights on the trees  
The sound of singing  
I hear down every street Families have gathered  
From miles away  
Oh, Merry Christmas  
It's Christmas day You see that old tree  
Down Cotton Lane  
Those lights keep shining  
It's always the same  
We hear the church bells  
Ring out to say  
Oh, Merry Christmas  
It's Christmas day  
Oh, Merry Christmas  
It's Christmas day Swing the lights and hang the stockings  
Decorate with green and red  
Made the cookies for old Santa  
Made a runway for his sled Singing carols on a sleigh ride  
Gather 'round the manger scene  
Open presents, read the letter  
And together we will sing Oh, Merry Christmas  
Joy to the world  
For every nation  
For every boy and girl  
Let's light a candle  
For peace we pray  
Oh, Merry Christmas  
It's Christmas day  
It's Christmas day  
It's Christmas day Let's light a candle  
For peace we pray  
Oh, Merry Christmas  
It's Christmas day  
Oh, Merry Christmas  
It's Christmas day
