

Karaoke

Smallpools

[Verse 1]

Take me out and we'll care about
Nothing real, nothing real, real at all
Pick me up and we'll make shit up
As we go, as we go, go along

[Chorus]

Take me out and we'll karaoke
Tonight we feel famous, don't we?
Pick me up and we'll make a movie
I'm acting like the world can't hold me down, down, down
They'll never hold me down, down, down
We'll pass the mic around, around, around, around

[Verse 2]

Take me out and we'll carry each other home
Through the lights, through the crowd
Pick me up and we'll make shit up
So it feels like it's real here and now

[Chorus]

Take me out and we'll karaoke
Tonight we feel famous, don't we?
Pick me up and we'll make a movie
I'm acting like the world can't hold me down, down, down
They'll never hold me down, down, down
We'll pass the mic around, around, around, around
(Oooh oooh oooh oooh oooh oooh oooh oooh oooh oooh oooh)

[Bridge]

Take me out and we'll care about
Nothing real, nothing real, real at all

[Chorus]

Take me out and we'll karaoke
Tonight we feel famous, don't we?
Pick me up and we'll make a movie
I'm acting like the world can't hold me down, down, down
They'll never hold me down, down, down
We'll pass the mic around, around, around, around

(Oooh oooh ooh oooh oooh oooh ooh ooh oooh oooh oooh ooh)
Take me out and we'll karaoke
Take me out and we'll karaoke
Take me out and we'll karaoke
