

Fire in the Hole

Five Finger Death Punch

I have a knife in my heart I could never explain
Cloned from a killer, I crawled out the drain
Fucked from the start, there's a short in my brain
To some it may hurt but to me it's just painRegret it?

Never forget it!

This ain't a game

They're gonna talk it, I'm not ashamed
I'm gonna walk it I'll never be tamedOpen windows, closing doors

God can't help us anymore

Souls forever come and go

Burn all the bridges and fire in the hole

Ugly I can be, what you know about me

I'm a pirate and a thief and they'll never fucking see

There comes a point in time, put it all on the line

I'm gonna get mine, I come to take mineRegret it?

Never forget it

This ain't a game

They're gonna talk it, I'm not ashamed

I'm gonna walk it!

I'll never be tamedOpen windows, closing doors

God can't help us anymore

Souls forever come and go

Burn all the bridges and fire in the hole

Burn all the bridges and fire in the holeLive, die, past life

Live, die, past life

Open windows, closing doors

God can't help us anymore

Souls forever come and go

Burn all the bridges and fire in the hole

Open windows, closing doors

God can't help us anymore

Souls forever come and go

Burn all the bridges and fire in the hole

Burn all the bridges and fire in the hole
