

# Dancing in My Head (Michael Woods Club Mix)

Eric Turner & Avicii

Sugar caught me by surprise  
Saying something in her eyes  
Feels like I just kissed the curse  
Met a girl and there ain't no words for her  
Down the sunset, up the lights  
Eh people! It ain't right!  
I couldn't reach her anymore  
Why people... Didn't I let her know?  
That girl, I shouldn't have let her go  
She's still dancing in my head  
That girl, I shouldn't have let her go  
She's still dancing in my head  
Oh yeah baby keep on dancing, keep on dancing  
She's still dancing in my head  
Oh yeah sugar keep dancing, keep dancing  
She's still dancing in my head  
Oh yeah baby keep on dancing, keep on dancing  
She's still dancing in my head  
Oh yeah sugar keep dancing, keep dancing  
She's still dancing in my head  
Open doors materialized  
Disappear before my eyes  
I felt like I been dealt the worst hand  
I do believe I have been cursed  
Down the sunset, up the lights  
Eh people! It ain't right!  
I couldn't reach her anymore  
Why people... Didn't I let her know?  
That girl, I shouldn't have let her go  
She's still dancing in my head  
That girl, I shouldn't have let her go  
She's still dancing in my head  
Oh yeah baby keep on dancing, keep on dancing  
She's still dancing in my head  
Oh yeah sugar keep dancing, keep dancing  
She's still dancing in my head  
Don't stop dancing no  
Don't stop, don't stop no  
Don't stop dancing girl  
Girl, don't stop dancing no
