

# Body on Me (feat. Chris Brown)

Rita Ora

Baby, let's cut down the lights  
I just really wanna let this fire burn bright  
I'm just telling you to have an open mind  
Just imagine us You're taking me there, you're taking me there  
Our lips are barely touching  
So do it again, so do it again  
We could be on to something Heyo, heyo, I just wanna feel your body on me  
Heyo, heyo, if you want it then you got it, hold me  
No more, no more wasting time  
We can, we can go all night  
Heyo, heyo, I just wanna feel your body on me  
Ayayayayayayayaya  
Body on me  
Ayayayayayayayaya  
Body on me  
Put you up against the wall  
And I'ma go to work 'til you get off  
Baby, soon as you're done we'll go some more  
Girl, just imagine us You're taking me there, you're taking me there  
Our lips are barely touching  
So do it again, so do it again  
We could be on to something Heyo, heyo, I just wanna feel your body on me  
Heyo, heyo, if you want it then you got it, hold me  
No more, no more wasting time  
We can, we can go all night  
Heyo, heyo, I just wanna feel your body on me  
Ayayayayayayayaya  
Body on me  
Ayayayayayayayaya  
Your body on me  
Ayayayayayaya  
Your body on me  
Ayayayayayayayaya  
I'm not asking for too much, put your fingertips on me  
Don't wait 'til the sun's up, we can keep this in between  
Us, only nobody has to know what's going down right now baby Heyo, heyo, I just wanna feel  
your body on me  
Heyo, heyo, if you want it then you got it, hold me  
No more, no more wasting time  
We can, we can go all night  
Heyo, heyo, I just wanna feel your body on me  
Ayayayayayayayaya

Body on me  
Ayayayayayayayaya  
Your body on me  
Ayayayayayayayaya  
Body on me  
Ayayayayayayayaya  
Body on me
