AWOLNATION

One, two
I need to find a place
No one can find me And something's in the air
And all around me
Stranger than magic
Stranger than magic I see you're helping
I need a partner
Someone to navigate
To get excited
Stranger than magic
I need a jet pack Mama, mama, I'm a goner, I'm a goner
And the flight is the mission and there's sharks in the water
Mama, mama, I'm a goner, I'm a goner
And the flight is the mission and there's sharks in the water
I need a couple friends
How 'bout a riot?
All made of clarity
Moment of silence
Stranger than magic
Stranger than magic Get her the maniacs
I wanted silence
A couple scorpions
A couple lions
Stranger than magic
I need a jet pack
Mama, mama, I'm a goner, I'm a goner
And the flight is the mission and there's sharks in the water
Mama, mama, I'm a goner, I'm a goner
And the flight is the mission and there's sharks in the water
Come on, love
Come on, love
Come on, love
(Come on, love)
Come on, love
Come on, love
Come on, love
I need a jet pack Mama, mama, I'm a goner, I'm a goner
And the flight is the mission and there's sharks in the water
Mama, mama, I'm a goner, I'm a goner
And the flight is the mission and there's sharks in the water
