

Awaken

Elevation Worship

chorus:

awaken my heart, awaken my soul
to tell of all you've done

awaken my heart, awaken my soul
to sing of your great love

I lift my cry to you oh God

only you can save

I will not fear the darkness here
where the lions wait

pre-chorus:

you send from heaven and you rescue me

I will take refuge in the shadow of your wing

I will run hard into your arms

Lord you carry me

despite my pain your plan remains

you will deliver me

chorus

outro:

God you lifted me out

God you lifted me out

and I'll tell all the world
