

# Until You're Over Me

## Maroon 5

This relationship is over  
Though my stomach still hurts  
And now I've grown a little older  
Why is the pain much worse?  
You look so much better without makeup  
Why would you hide your face?  
Don't wanna spend the night and wake up  
Realize you've made a big mistake  
Oh I cannot refuse your eyes  
Please don't look at me tonight  
My heart beats fast I know you're there  
I pretend like I don't care  
It hurts so bad to know the truth  
But I am still in love with you  
I never meant to keep you waiting  
And now your food is getting cold  
I keep denying I'm in love with you  
My routine is getting old  
And now you stand in front of the table  
And say you never look back  
Do something stupid when you're angry  
You only wake up sad  
Oh  
I cannot refuse your eyes Please don't look at me tonight  
My heart beats fast I know you're there  
And I pretend like I don't care  
It hurts so bad to know the truth  
But girl I'm still in love with you  
It hurts too much to know the truth  
But girl I'm still in love with you  
No more kisses on your lips  
No tender touches please  
I'd rather die on my two feet  
Than live down on my knees  
And all because you get me  
Opened up and start to bleed And I just can't get over you  
Until you're over me  
I cannot refuse your eyes  
Please don't look at me tonight  
My heart beats fast I know you're there And I pretend like I don't care  
And I cannot refuse your eyes  
Please don't look at me tonight

My heart beats fast I know you're there  
And I pretend like I don't care  
It hurts too much to know the truth  
But girl I'm still in love with you  
It hurts too much to know the truth  
But girl I'm still in love with you
