

Nothing Is Real

Fisher

I'm a very quirky girl
Live in front of my tv
A million girls like me
I have no remote control
I can never change the world
So unreality is all I wanna' see

When nothing is real
When nothing is real
Evil is not taking over the universe
'Cause Superman is still standing
And nothing is real
When nothing is real
Another beautiful day in the neighborhood
And everyone is laughing on cue

I can always find my way
To the street of sesame
Sweep the clouds away
There's a baby in the sun
Little smile for everyone
He makes me wanna' feel
Makes me wanna' love again

But nothing is real
When nothing is real
Evil has not taken over the universe
Silver Towers are still standing
And nothing is real
When nothing is real
Another beautiful day in the neighborhood
And everyone is clapping on and on and on and on

I just saved the world today
Just turned on my T.V
