Twisted Logic

Coldplay

Sunlight, opened up my eyes To see for the first time You'll open them up And tonight, rivers will run dry And not for the first time Rivers will runHundreds of years in the future It could be computers Looking for life on earthDon't fight for the wrong side Say what you feel like Say how you feelYou'll go backwards, but then You'll go forwards again You'll go backwards, but then You'll go Created, then drilled and invaded If somebody made it Someone will mess it up And you are not wrong to Ask who does this belong to It belongs to all of us.
