

# Alone

Avril Lavigne

Uh uh, oh oh oh  
uh uh, oh oh oh Hey man...  
tell me what were you thinking?  
what the hell were you saying?  
oh c'mon now,  
stop and think about it Hey now,  
maybe you should just listen,  
maybe you should stop talking  
for a second shut up, listen to me You're so obvious,  
you're so oblivious,  
and now you wonder why  
you're the one alone  
So don't apologize,  
you don't even realize,  
you screwed it up this time  
now you're the one alone Uh uh, oh oh oh  
uh uh, oh oh oh Hey bro'...  
I'm just tryin' to let you know,  
you really think that you're special,  
oh c'mon now,  
I've seen so much better Hey there,  
did you actually think that I cared  
to know if you want to go there,  
oh c'mon now,  
keep on, keep on dreaming  
You're so obvious (obvious),  
you're so oblivious,  
and now you wonder why  
you're the one alone (alone) So don't apologize,  
you don't even realize,  
you screwed it up this time  
now you're the one alone If you... want to... be my... uh uh oh,  
you know... you can't... play games  
and you know what I mean  
sorry,... but you don't... get my, my uh uh oh  
I'm gone, you're still... dreaming... about me  
over and over and over and over and over again You're so obvious,  
you're so oblivious,  
and now you wonder why  
you're the one alone (you're the one alone) So don't apologize,  
you don't even realize,  
you screwed it up this time

now you're the one alone (alone, alone, alone) You're so obvious (obvious),  
you're so oblivious (oblivious),  
and now you wonder why  
you're the one alone (you're the one alone)  
So don't apologize (apologize),  
you don't even realize,  
you screwed it up this time  
now you're the one alone  
Uh uh, oh oh oh  
uh uh, oh oh oh  
uh uh, oh oh oh  
uh uh, oh oh oh
