

# Everywhere

Niall Horan

You walk into the room, I go quiet  
I catch your eyes and don't blink an eyelid  
Feels like the world locked us on an island  
An island without waves  
I try and try to forget you  
But your mother thinks I'm the best for you  
I try and try to erase you  
But you won't disappear  
Feels like every time I turn a corner, you're standin' right there  
Over my shoulder, you're everywhere  
I swear it's hard to think, it's hard to breathe when you're in the air  
I try to run but you're everywhere I go  
When I think I'm all alone  
And my heart's under control  
Why is lovin' you not fair?  
You're everywhere  
The ground beneath my feet's a bit colder  
I see your face in people I don't know  
Feels like the world is twistin' in slo-mo  
And I'm stuck in one place  
I try and try to forget you  
But your mother thinks I'm the best for you  
I try and try to erase you  
But you won't disappear  
Feels like every time I turn a corner, you're standin' right there  
Over my shoulder, you're everywhere  
I swear it's hard to think, it's hard to breathe when you're in the air  
I try to run but you're everywhere I go  
When I think I'm all alone  
And my heart's under control  
Why is lovin' you not fair?  
You're everywhere  
Everywhere  
Everywhere I go  
But you're still not here  
And you're still not here  
Feels like every time I turn a corner, you're standin' right there  
Swear it's hard to think, it's hard to breathe when you're in the air  
Feels like every time I turn a corner, you're standin' right there  
Over my shoulder, you're everywhere  
I swear it's hard to think, it's hard to breathe when you're in the air  
I try to run but you're everywhere I go  
When I think I'm all alone (All alone)  
And my heart's under control  
Why is lovin' you not fair?  
You're everywhere  
You're everywhere
