

Can I

Alina Baraz & Galimatias

[Verse 1]

If I told you I could give you life
Would you leave the boundaries of your mind?
I bet you never even knew
That there's a universe inside of you
Can i take your pain and make it go away
Would you let me be your getaway
No no no no, I bet you never knew
There's a universe inside of you

[Chorus]

Can I
Undress you
You, you
Undress you
You, you
Undress you
You, you
Undress you
You, you
Undress you
There's a universe inside of you

[Verse 2]

If I color you with all my thoughts
Would you lose your fears of being lost?
I bet you never even knew
I see the universe inside of you
Can I make you feel okay?
Would you let me take you to a higher place?
No no no no, I bet you never knew
There's a universe inside of you

[Chorus]

Can I
Undress you
You, you
Undress you
You, you
Undress you
You, you
Undress you
You, you
Undress you
